CONNELLSVILLE, PA., FRIDAY EVENING, JANUARY 18, 1907.

PRICE, ONE CENT.

REVENUE MAN DESERTS HIS POST AND ELOPES WITH A YOUNG WIDOW.

Elmer E. Hechler, in Charge at Bill Pritts Distillery Leaves
Wife and Runs Away With Mrs. Nettie Stuchel.

SENSATION IN THE MOUNTAINS.

Drove from Indian Head to Connellsville Where Train Was Taken for Parts Unknown—Mrs. Stuchel Also Took \$700 of Her Insurance Money.

Saltlick township and the mountain district across the border in Somerset county is all agog over an elopement. Social circles in Jefferson township, where Elmer E. Hechler, a stockkeeper and manager in the United States Internal Revenue Service lives, and Mrs. Nettie Stuchel, a comely young woman of Middlebrook township, are stirred to their depths. Two weeks ago, both of them disappeared suddenly from their homes. Hechler was the representative of the Internal Revenue Service at the Bill Pritts distillery in Saltlick township at the time he left. No word was sent the office at Pittsburgh and for a time there was no official at the distillery. Hechler simply walked away from his trust. He is a married man and his wife is thought to be dead. Mrs. Stuchel is but 35 years old. She is the widow of the late Newton Stuchel. Hechler met the girl after he was assigned to the Bill Pritts distillery about a year ago. From the first he was attracted to the girl and a close friendship sprang up between them. Mrs. Stuchel lived not far away from the Pritts distillery and Hechler had plenty of time on his hands, some of which he wasted away in the company of Mrs. Stuchel.

On January 4, Hechler announced to his wife that he was going to ask for a transfer. He had her pack his grip with wearing apparel, saying he might not be back home for a while. When he left he said he was going to the Internal Revenue office in Pittsburgh, where he thought he would have no difficulty in securing a transfer. He had served a long while at a lonely station. If he was not transferred he told his wife he would resign.

Mrs. Hechler was shocked and protested later when she learned that her husband had taken away with him Mrs. Stuchel. On the day when he did not show up at the distillery, instead he drove, with Mrs. Stuchel to Connellsville. He put up over night here and the following morning took a train for parts unknown. Since then none of the elopers' relatives have been able to learn of either Mrs. Stuchel or Hechler's whereabouts.

Mrs. Stuchel's maiden name was Tinkley. She is the daughter of Mr. and Mrs. A. L. Tinkley of Saltlick township. She is a pretty girl and was married only a little over a year when her husband was drowned while crossing a bridge over the Monongahela river. A child was born to the union. It is in the care of Mrs. Stuchel's parents.

Mrs. Stuchel's husband met a tragic death in trying to save the lives of two other persons in a stream in the vicinity of Greensburg. Stuchel jumped into the stream and saved one of the persons from drowning. He jumped in again and lost his life. His case was investigated by the Carnegie Hero Commission and his widow was given \$700. For the maintenance of Stuchel's infant son \$300 was placed in the hands of his grandfather. When Mr. Tinkley learned his daughter had eloped with Hechler he went to Greensburg to see if Mrs. Stuchel had taken her money from the bank. He found she had taken it. Mrs. Stuchel was married when she was but 13 years old.

Up until several weeks ago, Mrs. Stuchel had been employed in the restaurant of Ferner & Young at Somerset. She said frequent visits to her home in the mountains and about three or four weeks ago quit and stated that she did not intend to work any longer. Mrs. Stuchel is a sister of Edna Tinkley of Connellsville, who figured in a sensational disappearance from Cleveland some months ago, but who later returned to Connellsville.

The police will look the eloping couple up.

Mashed His Toe.
Clarence Leckenby of Dunbar, a machinist employed at the Connellsville & Mine Supply Company shops at Greensburg, while at work this morning dropped a light casting on his right foot, mashing one toe. Dr. R. S. McKee dressed the injured member.

Literary Society Meeting.
The semi-monthly meeting of the Connellsville Literary Society of the High School is being held this afternoon.

STRICKEN FAMILY.

Three Members Died of Diphtheria Within a Short Time.
Since the closing of the schools at North Charlestown on Tuesday an account of diphtheria another death has occurred in the Fortney family. Noah, an 11 year old son, succumbing to the disease yesterday. This is the third death in the family in three weeks. With the mother and two children dead, the father and another child are ill with the disease and not expected to recover.

AFTER TRUANTS.

John Beatty Will Shortly Have to Make Arrests Unless the Law Is Compelled With.

Truant Officer John Beatty, who is also Constable of the First Ward, will shortly have to make several arrests in the borough unless his warnings are heeded and children who are now kept out of school in defiance of the law are sent to the public school. There are about six or seven children in Connellsville under the age of 16 years who are not attending school and have not been this term. Instead they are at work at different places. Their parents, Truant Officer Beatty said yesterday to a reporter for The Courier, refuse to take them from their work, saying that they are needed to help provide for the family. This is no excuse in the eyes of the law unless certain provisions are complied with, and this has not been done. The law, covering their cases as follows:

No child under 13 years of age shall be employed in any factory, manufacturing or mercantile industry, laundry, workshop, renovating works, or printing offices within this State. It shall be the duty of every person employing children to keep a register in which shall be recorded the name, birthplace, age and place of residence, and date when employment ceases, of every person so employed by him under the age of 16 years.

Several arrests are expected unless the Truant Officer's orders are complied with.

FLOOD TIDE.

The Monongahela River Reached 38 Feet This Morning and Great Damage Is Expected.

Special to The Courier.
BROWNSVILLE, Jan. 18.—The Monongahela river today reached a 38 foot stage on the upper river and at a late hour last night at Pittsburgh it had reached 25 feet and was steadily rising. Much of the low land along the river is flooded. The river was 31 feet at Fairmont last night and rose seven feet in twelve hours today.

Scores of homes along the river are shut down because of the flood and much damage has already been done. If the water rises a few feet higher the damage will run high into the thousands.

Water from the Monongahela is backed up Rollstone creek to Brazzelle and the expensive county bridge at Albany mine is submerged. It may be badly damaged.

FALL FROM TREE.

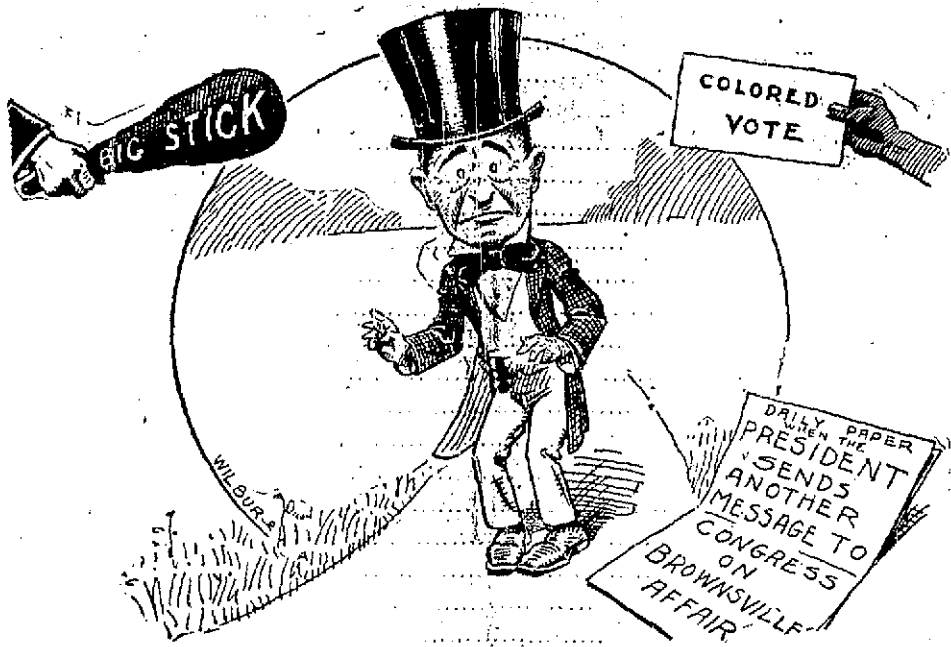

Results Fatally After Long Suffering by Landis Harris of Perryopolis. Funeral on Sunday.

Landis Harris, a popular young man of Perryopolis, died at 1:30 o'clock this morning at the home of his parents, Mr. and Mrs. L. C. Harris, of Perryopolis. Death was due to injuries received in an accident young Harris met with last summer. He was up a tree and slipped, lost his balance and fell to the ground, a distance of 15 or 20 feet. At the time the injury was not thought to be serious. Complications set in, however, and his decline was steady until death relieved his sufferings early this morning. The funeral will be held from the Church of Christ at Perryopolis at 10:30 o'clock on Sunday morning.

A Men's Meeting.

E. C. Higbee will address the Men's Meeting at the Christian Church next Tuesday evening, his subject being "Calvary." H. C. Norton is Chairman for the evening. The meeting, which is for the men of the church and their friends, will be held in the church lecture room. Eight o'clock is the time.

TRAINS DELAYED BY BAD SLIDES.

Tons of Earth and Rock
Down on Tracks Near
Point Marion.

NO. 1 AND 3 ARE BEHIND IT.

Trouble East of Cumberland Delays
Duquesne Five Hours—Bad Weather
Conditions and High Water Responsible for Recent Bad Schedules.

Continued heavy rains throughout Western Pennsylvania have made this one of the worst Januarys in the history of railroading in this section. It is practically impossible to maintain schedule time under existing conditions, although officials are straining every nerve to straighten out the tangle that has resulted. Possibly no two men came into the high office of Superintendent facing as many difficulties as did J. J. Driscoll and E. A. Peck, of the Connellsville and Pittsburgh Divisions of the Baltimore & Ohio railroad. Things have been running bad, through no fault of theirs, ever since taking charge. Both men are doing everything within the power of mortal man to clear up the road and get trains through on time.

Superintendent Peck is facing the worst difficulty of the two. The main line of his division from Connellsville to Pittsburgh is a trap for unvarying trains. On one side the eastbound track is constantly menaced by the high waters of the Youghiogheny and Monongahela rivers, while on the other the westbound rails are frequently being covered by slides of dirt and stones. Orders have been issued directing engineers to run carefully at all places, keeping a sharp lookout for obstacles. About Pittsburgh conditions are worse than here. In some places tracks are submerged in water.

A bad slide occurred at Point Marion last night and is blocking the Fairmont branch. Passenger trains are transferring past that point. During the night it was reported that it would take at least 48 hours to clear away the earth and rocks that slid down, but it is now thought that the main line can be cleared by seven o'clock this evening. Superintendent Driscoll and Road Foreman of Engines T. E. Miller went to Point Marion last night and is blocking the division officials are already there. The slide is one of the worst ever known on that division and dirt and stones are piled high on the track. Trains Nos. 1 and 3 are behind the slide. A train was made up here and went into Pittsburgh this morning on No. 1's time.

The main line of the Connellsville Division is in good shape and the few slides reported have been of such a trivial nature as to cause no delay to traffic. There is evidently trouble east of Cumberland. The Duquesne Limited was more than five hours late arriving in Connellsville this morning, being delayed on an eastern division.

Dempster Hanged.

Elmer Dempster, the negro convicted of the murder of the Police man near Washington, Pa., several months ago, was hanged yesterday in the Washington county jail. The condemned man met death calmly.

FATHER OF TWENTY.

John Leslie, Prominent Farmer of Fort Hill, Who Died Tuesday, Had Many Descendants.

John Leslie, an aged resident of Somerset county, died at Fort Hill Tuesday at the age of 77 years. He was born in Scotland, November 23, 1829, and came to this country before he was three years old. His early life was spent on a farm in Cambria county, but about 40 years ago he moved to the Fort Hill farm, at which place he resided until he died. Twice married, Mr. Leslie was the father of 20 children, 11 of whom survive, grandfathers to 73, of whom 66 are still living. He had 31 great-grandchildren, 23 of whom are living. His second wife also survives. A large number of friends attended his funeral, among whom are: George W. Leslie, Covert, Mich.; and Alex. Leslie of Spangler, Pa.; two brothers; George W. Leslie of Fairchance, a son; Zouli C. Leslie, Meyersdale; Mr. and Mrs. L. L. Leslie, Connellsville; Mr. and Mrs. S. J. O'Connell; Mr. and Mrs. John Duffley, Connellsville; Mr. and Mrs. H. J. DeHolt, Connellsville; Mr. and Mrs. W. J. McFarland, Connellsville; Bertha McFarland, New Haven; Mr. and Mrs. B. W. Stetler, Connellsville; Mr. and Mrs. W. S. Leslie, Homestead.

FERRARA TWISTED.

First Accused Police of Taking \$30 and Then Admitted He Paid It for Legal Service.

The case of Fred Ferrara, who was some time ago arrested and released after paying a \$30 bribe to a police officer, was reopened on Thursday afternoon by Burgess Solis, son in order to investigate the accusation made by the prisoner against the police force. Officer Frank McCadden arrested Ferrara in a barber shop for being drunk and disorderly. After getting out the man told Pasquale Bufano, the local hunter, that he had been robbed of \$30. Burgess Solis advised Bufano to have the man make an information if any one was suspected.

At the hearing Thursday afternoon it developed that Ferrara did have \$30, but he paid it to himself to get out of his trouble. The police denied seeing anything of the coin. It was subsequently learned that Tony Bufano acted in Ferrara's behalf in getting him out of the scrape, to the extent of paying his fine of \$5 and charged \$30 for services rendered. Ferrara admitted he was satisfied with the outcome, having sent for Tony to get him out and offering the \$30 fee. Three drinks were given 45 hours each in police court this morning.

COP DISCHARGED.

Acquitted by Squire for Felonious Assault and Battery.

UNIONTOWN, Jan. 18.—Gabriel Kulbacki, the Uniontown policeman, was given a hearing Thursday evening before Squire J. N. Dawson on a charge of felonious assault and battery perpetrated by Steve Banzieb. He was discharged.

It appears that in trying to make an arrest, the prisoner was too much for the cop, and to prevent him from escaping, Kulbacki pulled a gun and fired. The bullet struck the ground, glanced off and struck Banzieb, inflicting a slight wound.

Treasury Empty.

The Morgantown treasury is empty and there is no money for much needed improvements.

TEN CLUB LEAGUE NOW ORGANIZED.

At the Meeting of Western
Pennsylvania Baseball
Men Last Night.

FAIRMONT AND CLARKSBURG.

Added to Original Circuit With Beaver Falls, and Butler, Officers Elected Last Evening, and Details of Organization Will Soon Be Closed.

Magnates in the Western Pennsylvania League met at the Hotel Marlborough Thursday evening and framed plans for the approaching season. Owing to the recent decision of the National Association, awarding McKeesport as P. O. territory, it was necessary to revise the circuit of clubs. After much discussion it was decided to admit 10 clubs in the circuit and nine have already been selected. The tenth one will not be decided until after the open meeting held February 10.

So far the following clubs have been admitted to the circuit: Connellsville, Scotland, Greensburg, Butler, Beaver Falls, Irwin-Jennett, Latrobe, Fairmont and Clarksburg. Representatives were present from the West Virginia towns to present claims for admission into the circuit and these were granted.

President Lawson was re-elected head of the league, and James Anderson, Secretary. The following delegates were present: Alex. Lawson, Butler; James Anderson, Greensburg; Edw. Coughenour, Connellsville; W. S. Maloney, Irwin-Jennett; E. Powell, Uniontown; Smith Buttermore, Scotland; L. A. Snyder, Greensburg; W. D. Woods, Fairmont; W. T. Black, Clarksburg; John P. Smith, Irwin-Jennett; Charles A. Clarke, Greensburg; Frank Whaley, Uniontown; George Wilson, Beaver Falls; W. E. Morrow, Latrobe.

The jump from Butler and Beaver Falls through to Fairmont and Clarksburg is a long one, but the step-offs at Greensburg, Scotland and Latrobe and Connellsville will ease up the mileage. Both the West Virginia towns are splendid Sunday towns. A 2,000 crowd is not considered big in either one of them. Saturday and Monday are also good for attendance at any event in Clarksburg or Fairmont. To all towns in the circuit the railroad facilities are good. Butler is the hardest town to reach and looks like the only doubtful proposition in the circuit. Connellsville is the central town.

The meeting last night was an enthusiastic one. The Western Pennsylvania League is a go. The season will open on schedule time. The details of organization will be closed up now within the next two weeks. In the meantime players have been signed for a majority of the clubs. Those signed for McKeesport, if that territory is not available, will be transferred to one of the other towns taken into the circuit.

Fancy Work Club Entertained.
The North Side Fancy Work Club was splendidly entertained Thursday afternoon by Mrs. J. A. Fleming at her home on Highland avenue. The hours were from 2:30 until 5 o'clock. One of the principal features of the afternoon was a luncheon served about 4:30 o'clock.

JUMPED BOARD BILL.

Frank Crow Committed to Jail by Squire Clark.

Frank Crow was given a hearing this morning on the charge of absconding from a board bill, preferred by Mrs. Nan J. Chorprenning of North Pittsburgh street, before Squire W. P. Clark. He was committed to jail. The information was made August 13, but Crow left town about July 4. He was located at Confluence and arrested there Thursday afternoon by Constable Joseph Crossland.

SCHOOL REPORT

Of Upper Tyrone Township for the Fourth Month of the Term Ending January 2.

Geo. B. Marshall, principal of the Upper Tyrone township public schools, this morning gave out his report for the fourth month of school in that township. During the month there was an enrollment of 513 pupils, an average attendance of 398 and a percentage of attendance of 84. (The latter was cut down some by illness among the smaller pupils. Upper Tyrone includes schools at Broad Ford, Ridge View, Tipton, South Evans, Kiefertown, McClure, Walnut Hill, in all there are 13 rooms.

The teachers of the township are Luella Oglevee, Margaret McIlvett, Mollie Gerke, Lolla Dull, Ann Ritchie, Margaret Boyle, Harry P. Williams, Rosalie Stuchel, Roy Walker, Elizabeth Newton, Helen Keck, Claude McClary and Gertrude Keefe. The teachers of the township will hold an institute at the Tipton school house on Saturday, February 2. All patrons and teachers with their friends are given an invitation to be present.

Added to Original Circuit With Beaver Falls, and Butler, Officers Elected Last Evening, and Details of Organization Will Soon Be Closed.

BOY DROWNED.

Floated Away on a Log at West
Brownsville Thursday Evening.
Foreigners Drowned.

Special to The Courier.

WEST BROWNSVILLE, Jan. 18.—The six year old son of Mr. and Mrs. John Leonard of West Brownsville was washed away from his home Thursday evening, drifting off on a log that had lodged against the house. The Leonard residence was partially submerged in water and the boy in some manner got out of the house and onto the log. Efforts to save him were unavailing.

The same evening, while trying to ford the Mile Creek in Greene county, a foreigner, his wife and two children were drowned. They were driving in a buggy. After getting into the stream, the current washed horse, buggy and people down stream.

AN EARLY BIRD.

Davis W. Henderson, Popular Uniontown Lawyer, Candidate for
District Attorney of Fayette.

Davis W. Henderson has sent out circulars announcing the fact that he will be a candidate for the Republican nomination for District Attorney. Mr. Henderson was raised on a farm in Franklin township and has been practicing law in Uniontown since December 4, 1900.

He is at present Assistant District Attorney of the county, in which he has made an excellent record. The primary will be held June 1.

PASTOR WEDDED.

Rev. Wilson and Miss Gormany Are Married.

Rev. Howard S. Wilson, pastor of the United Presbyterian church of St. Pleasant, and Miss Harriette Gormany were married Thursday at the United Brethren church at Mt. Pleasant. Rev. Lawrence Kolster, the pastor, officiating. Among the out of town guests were Mr. and Mrs. F. O. Keister, Mr. and Mrs. Albert Kolster and son and the Misses Merritt of Scotland.

Earthquake Shocks in Russia.
ST. PETERSBURG, Jan. 18.—(Special.)—Two earthquake shocks were felt at 5 o'clock this morning at Kuba, in the government of Baku.

Continued Unsettled Weather.
Continued unsettled weather tonight and Saturday, with occasional rain or snow, is the noon weather bulletin.

MANY AMERICANS VICTIMS.

Believed That the List Will Be Much Greater Than at First Supposed. Earthquake Shocks Have Caused and Conditions Are Improving.

Special to The Courier.
KINGSTON, Jamaica, via Holland Bay, Jan. 18.—There has been a complete, and it is hoped, permanent cessation of seismic shocks, which have continued with greater or less intensity since last Monday up to yesterday. The weather continues fine. A large number of men are engaged in the work of rescue or restoration. The burying of the dead is being rushed with all possible speed, nearly 600 bodies having been interred. It is now thought certain that the list of Americans killed in Monday's disaster will be much greater than first supposed. Deaths of Myrtle Bank Hotel, the favorite resort of Americans, is not fully explored. The count today showed that 35 out of 55 employees of a tourist bureau are among the dead.

Kingston is still in great danger of sinking into the sea. The measurements today showed that the sea is steadily encroaching. The water has advanced several feet since yesterday. The entire harbor floor has changed. Great fissures starting at the water's edge run back inland and are many feet in depth. There have been several slight slides along the seashore today.

WASHINGTON, Jan. 18.—(Special.)—Wireless message was received at the Navy Department today from the U. S. S. Albatross, which is at Kingston, stating the Yankton had arrived at Kingston at midnight with medical supplies. Yankton is Admiral Evans' tender.

A wireless message received by the Navy Department and signed Evans, which was relayed at several points, says: "Dear Admiral Davis reports that the Missouri and Indiana anchored off Kingston Thursday morning. Kingston is almost totally destroyed. Four hundred dead; 500 in hospitals. Plenty of doctors. Short of dressings and bandages. City now quiet."

HAVANA, Jan. 18.—(Special.)—A great section of Kingston's waterfront has slipped into the bay, according to a cablegram received here today. This private dispatch is confirmed by a wireless message received from Admiral Evans flashed from the Cruiser Columbus here. The message says that the tidal wave has changed the entire coast line of Jamaica, leaving the southern side of Kingston and the sites of the old city of Port Royal under water. According to the dispatch from Admiral Evans the harbor of Kingston has been destroyed and the entire coast line is sinking.

BOSTON, Jan. 18.—(Special.)—A movement to raise funds for the relief of Kingston has been started here by Mayor Fitzgerald, in the appointment of a committee of 26. The Mayor has received advices from Jamaica that persons of the Island of Jamaica could provide the sufferers at Kingston with food and some other supplies, but that provisions and medical supplies which were absolutely necessary would have to come from other sources.

The tourists in Kingston all escaped injury by the earthquake according to information coming from Captain Forwood, representative of the Hamburg-American steamship line in Kingston. Forwood was seriously injured. The company's plans, which are yet safe, have been turned into hospitals today or tomorrow, will take large supplies of provisions, medical supplies and clothing to Jamaica sufferers.

SMITHFIELD TROLLEY ROAD.

Two Cars Ordered From Baltimore to Be in Service in March.

E. B. Gans passed through town yesterday on his way to Baltimore, where he will order two cars for the new trolley car line between Fairchance and Smithfield, which is being built by independent capital. The company is composed of Uniontown and Fairchance people. The poles are now up and the work is well along with the track.

The company expect to have the road in operation by the middle of March. A \$10,000 bond has been placed to have the road in operation within a specified time.

Fire at Leith.
Fire in the Leith store of the Union Supply Company Thursday evening damaged goods to the value of \$50.

DRIVEN FROM HOMES.

Thousands of Persons Re-
treat Before Raging Flood
in Ohio River.

MUCH SUFFERING IS RESULT

Forty-Five Feet of Water Expected at
Cincinnati—Schools Closed and the
Buildings Tilted Over to Homeless
Families—Other Towns Affected.

Cincinnati, Jan. 18.—With the river
flood a reality in a region extending
a distance of more than 400 miles,
thousands of persons are suffering for
homes and thousands more are
homeless. All indications point to at
least 45 feet of water in this city, mak-
ing this the greatest flood since
February, 1834.

The city authorities have begun to
evacuate persons who have been made
homeless or are otherwise suffering.
School buildings and churches in the
west end have been opened as tempo-
rary dwellings for the homeless.

The McKinley school in the east end
was vacated by the school children
and is being used to house homeless
families whose homes are under water.
The Highland school in east end had
to close on account of encroaching
water and many children in Cummin-
ville were unable to get from their
homes to the schools. Water has put
out the fire in the Newport water
works, but as the reservoir is full no
suffering is anticipated.

About 2,000 residents of
Turkey Ridge in the East End have
been isolated by the flood. Many of
them were forcibly removed by the
police to places of greater safety. In
Newport, Ky., the flood area covers
eight blocks and 500 families have
been expelled from their homes.
Much damage is being done in Cov-
ington to residences and business houses
along the river front.

The railroads are also great suffer-
ers. In the Mill creek market gardens
the loss has been great and the trac-
tion lines in all directions have suf-
fered.

Portsmouth, O., Jan. 18.—A break
in the main which carry natural gas
from West Virginia to this city threw
the town into almost total darkness
last night. The break occurred in the
line crossing at Hanging Rock. The
city power plant was cut off but relief
was procured and sufficient gas was
in reserve for domestic consumption
over night.

Several hundred families have been
driven from their homes by the rising
river, which now exceeds the 44-foot
stage. In all directions have suf-
fered.

Washington, Jan. 18.—The flood sit-
uation on the Mississippi river and its
tributaries is summarized in the fol-
lowing statement issued by the weather
bureau:

"The Ohio river is still rising below
the mouth of the Little Kanawha
river. The stage at Parkersburg last
night was 37.8 feet, 1.6 feet above
flood stage, and rising. At Cin-
cinnati it was 38.2 feet, 3.2 feet above
flood stage, with 40 feet in prospect by
morning.

"Stages above flood lines are also
general below Cincinnati and vary-
ing as follows were issued: Louis-
ville, about 35 feet, 1 foot above flood
stage; by Saturday night or Sunday;
Evansville, and Mt. Vernon, steady
rise for at least five days with at least
45 feet, 5 feet above flood stage, indi-
cated by Saturday; Paducah and
Cairo rise for several days longer to
stages above flood stage, 40 and
45 feet, respectively; Wabash river
practically stationary for next 36 hours
at present high stages; Mississippi
river at Memphis three or more feet
above flood stage of 33 feet."

ALLEGHENY CHECKED

Current That Washed Away Homes at
Springdale Diverted.

Springdale, Pa., Jan. 18.—After two
days of the hardest sort of work and
the expenditure of thousands of dollars
the government engineers are of the
opinion that they have checked the
Allegheny river at Springdale, where
the breaking of dam No. 3 threatened
to sweep the lower end of the town
into the water. Two and a half tons
of dynamite have already made a
breach in the dam 75 feet in width,
and this work will be continued until
at least 500 feet of the dam has been
leveled with the bottom of the river.
This will furnish a channel almost as
wide as the river was at this point be-
fore the dam was built, and will, it is
believed, divert the dangerous current.
In the meantime every effort is be-
ing made to protect the crumbling
banks below the dam from further
erosion. Hundreds of laborers toiled
all day and last night under the direc-
tion of the government engineers and
Capt. Morrow of the West Penn rail-
road. More than 100 cars of stone
and blast furnace slag were hauled to
Springdale, and the material is
ready for immediate use.

Leading Citizen Slain by Son.
Taunton, Mass., Jan. 18.—George
Poole, a leading resident of Taunton,
and head of the Poole Silver Co., was
shot and fatally injured by his son,
Howard M. Poole. The victim died
two hours after the shooting. The son
was arrested.

Lava Flowing Toward the Sea.
Honolulu, Jan. 18.—The second lava
flow from the volcano of Mauna Loa,
on the island of Hawaii, is now only
two miles from the sea and is half
a mile wide. It is moving at the rate
of 55 feet an hour.

TRI-STATE NEWS.

Events of the Day in Brief from Penn-
sylvania, Ohio and W. Va.

Columbus, O., Jan. 18.—John B.
Lewis, who claims that he is a relative
of George Washington, was granted a
pardon by the state pardon board. He
was sent up in 1902 for murder in
Hamilton county.

Pittsburgh, Pa., Jan. 18.—John E.
Maitlo, age 16, a messenger at the
Pittsburgh railroad yards, was killed by
a shifting engine. He was crossing
the yard when he slipped on the ice,
falling in front of the engine.

Butler, Pa., Jan. 18.—B. L. Barn-
hart, 46, who has struck one of the best
oil wells in the Cuyahoga field, there
is but a very light gas pressure and
the pressure of the oil flows itself. The
well is making 50 barrels daily.

Fairmont, W. Va., Jan. 18.—The
Monongahela river at this point has
reached the stage of 30 feet and ris-
ing one foot an hour. Indications are
that the river will show a greater
height than during the flood of '38.

Urbana, O., Jan. 18.—Fast mail No.
11, on the Pennsylvania, nearly two
hours late, just outside the city limits
was into the Cuyahoga field. There
was a very light gas pressure and
the pressure of the oil flows itself. The
well is making 50 barrels daily.

Stevensville, O., Jan. 18.—Frederick
C. Fairbanks of Springfield, O., son of
Vice President Fairbanks, pleaded not
guilty in court here to the charge of
subornation of perjury. He gave bond
for \$500. He appeared in court volun-
tarily.

Youngstown, O., Jan. 18.—The grand
jury ignored an indictment against
Ellen Ackerman, charged with the
murder of John Ludwig. The evidence
showed that Ludwig threatened to kill
Ackerman and that the latter shot in
self-defense.

Washington, Pa., Jan. 18.—Elmer
Dempster, a negro youth, was hanged
here for the murder of Mrs. Pierce
and three children near Canonsburg
last summer. He marched to the gal-
lows singing, "Happy day that freed
my choice."

Barton, O., Jan. 18.—Alfred Balaban,
a minor, killed his wife and daughter
Pearl with a butcher knife and then
shot and killed himself. The family
had been quarrelling over division of
a legacy of several thousand dollars re-
ceived by the husband from Hungary.

Charleston, W. Va., Jan. 18.—The
creation of a state railroad commis-
sioner and the regulation of railroads
and other common carriers is provid-
ed for by a bill introduced in the state
senate. A bill detaching trusts and
declaring them to be unlawful was also
introduced.

Clarksburg, W. Va., Jan. 18.—The
West Fork river and other streams
are higher than at any time since the
recent rise and the danger point is
rapidly being reached. All trains have
been abandoned on the West Virginia
& Pittsburgh branch of the Baltimore
& Ohio railroad.

Clarksburg, W. Va., Jan. 18.—The
flood situation has not improved. West
Fork river is still rising. Reports from
Weston, Buckhannon, and other points
above give no encouragement and the
conditions here are becoming alarm-
ing. Few trains are running except
on the main line of the B. & O.

Charleston, W. Va., Jan. 18.—The
senate by a strict party vote rejected
the amendment to a resolution intro-
ducing President Roosevelt and commend-
ing his stand on the Brownsville af-
fair. The amendment was proposed
from the Democrat side and the Re-
publicans characterized it as an at-

THE REASON WHY.

We So Strongly Endorse and Recommend Vinol to the People of Conneltsville.

Our local druggist, Mr. F. B. Markell, says: "We do not believe there is a man, woman or child in Conneltsville whom our famous cod liver oil preparation, Vinol, will not benefit at this season of the year."

"We believe there is no need for so many people to drag around, run down, tired out and debilitated, or for old people to remain weak and infirm when we guarantee Vinol will restore health and strength."

Continued Mr. Markell: "For centuries cod liver oil has been recognized as the grandest of all body building agents for wasted human strength and vitality, but on account of the nauseating and system-clogging oil which enveloped its curative properties few could take it with benefit."

"In Vinol you get in a concentrated form every one of the crude and strength-giving elements of cod liver oil actually taken from fresh cods' livers, the useless system-clogging oil eliminated, and tonic iron added."

"Vinol is guaranteed by over 5,000 of the leading druggists of the United States to create strength for old people, for the run-down, tired and debilitated, weak, sticky women and children, and after a severe sickness, strength-creating elements of cod liver oil."

"We ask every such person in Conneltsville to try Vinol. It costs nothing if it fails." F. B. Markell, Druggist.

Note—While we are sole agents for Vinol in Conneltsville, it is now for sale at the leading drug store in nearly every town and city in the country. Look for the Vinol agency in your town.

NATURE'S CATARRH CURE.

Sensible and Scientific Way to Cure This Disagreeable Disease.

In no other way can catarrh be cured as naturally and quickly as by the use of Hyomel breathed through the nasal pocket inhaler that comes with every outfit.

In this way all the air that enters the nasal passages, the throat or the lungs, is filled with Hyomel's healing medication, reaching the most remote air cells of the respiratory organs, and soothing and healing the irritated mucous membrane.

So strong is A. A. Clark's faith in the power of Hyomel to cure catarrhal troubles, that with every dollar put in he sells he gives a guarantee to refund the money unless it cures.

The complete Hyomel outfit costs but \$1.00, extra bottles, if needed, 50 cents.

HORNER'S Semi-Annual CLEARING SALE

Twice in each year, in January and July, the knife goes through our Clothing Department and plays havoc with prices. Our adhered-to-policy of offering the newest and best clothing each season makes it imperative for us to hasten the departure of present stock before the arrival of Spring goods.

We Want Fresh Goods Each Season, and Not "Carry-Overs." Our January Clearing Sale is Now On.

It is not a sale of "job stuff" or marked up and then marked down again stock. **NOTE THIS FACT:** The original selling price of each suit and overcoat is marked in ink, in plain figures, on a ticket sewed on the collar of each coat. This marked in ink price is never changed. The reduced price is marked in pencil on a string ticket attached to the buttonhole of each coat. Thus every customer knows for himself exactly what the original price was and what the reduced price is.

A Ghost Story

Follies the wearing of some shoes, that is the material of which they are constructed is so poor that damp and wet penetrates and makes ghosts of the wearers.

Our shoes are different from any other shoes sold at the price. They are made of fine stock and will outlast two pair sold anywhere else.

JOHN IRWIN.

Connellsville, Pa.

You should promise to always buy your shoes from us and happiness will surely be the result. It's only a promise at first, but after you have worn our shoes it's a fact that you will wear no others.

THE KINGSTON CATASTROPHE.

Some catastrophes are exaggerated by the newspapers, while others grow in horror as the days go by. It must be confessed that correspondents are prone to exaggeration on occasions like these, but no newspaper publisher would print false or misleading news. Conditions are usually chaotic and communication uncertain, as is the case at present, hence the wild and exaggerated character of the dispatches. The Kingston horror grows as the days go by. The original conditions have been intensified by further movements and the whole city is now said to be in danger of slipping into the sea, making the catastrophe complete.

The anxiety of those who have friends and relatives on the island from whom they have no word is naturally keen and poignant, but it is hoped that with the opening up of communication and the arrival of assistance now on the way suffering and apprehension may be relieved.

The frequency of earthquake shocks and the disasters caused by them in the past few years have not been exhaustively explained by seismologists. They seem, however, to bear relation to each other, at times in a marked degree. The Kingston earthquake was simultaneous with another eruption of Mount Etna on the other side of the globe.

The eruptions are very interesting to scientific men, but at the risk of disappointing them it is to be hoped that Mother Earth will soon cease her internal convulsions and quiet the tremors that extend to her people.

THE LAW: HUMAN AND DIVINE.
Elmer Dempster, the colored man who was hung in Washington county yesterday, went to the scaffold singing and praying, confident of God's forgiveness.

But the law would not forgive him. Why?

We are told that the human law is based upon Divine; but the inspiration of our jurisprudence is the Law of Moses, not the Law of Christ. It is "An eye for an eye and a tooth for a tooth," not "Go in peace, and sin no more."

The world is too brutal, too selfish, too hateful, too avaricious and all too sinful to apply the divine precepts and examples of the Compassionate One to its everyday life. It has been found necessary, in order to preserve society and advance civilization, to protect the rights of person and property by punishing those who infringe upon them. Experience has shown that laws without penalties are wholly ineffective.

In precise, the courts find it essential to apply the Hebrew law, but they soften its stern outlines to suit the requirements of justice and meet the higher faith of the Christian by tempering justice with mercy when the circumstances of the case seem to require it.

Mercy in the Dempster case would have been a crime against the community, since it would have encouraged a repetition of his offense, if not on his own part, perhaps on the part of others who are deterred from crime, not through fear of God, but through terror of the Law.

THE PROFIT-SHARING ANTIDOTE.

The Pennsylvania Railroad Company proposes to follow the example of the United States Steel Corporation in an effort to establish a community of interest with its employees by encouraging them to become stockholders in the company and junior partners in its business. Ten million dollars worth of stock is to be set aside for this purpose, to be sold to the employees at par.

In a recent editorial, we called attention to the fact that this policy is evidently regarded as essential not only to the most successful operation of the big industrial corporations commonly called trusts, but also to the preservation of their corporate existence. The tendency of the times is toward consolidation. The larger corporations are swallowing the smaller ones. When this process is complete, the big trusts will swallow each other. When their numbers shall have been reduced to a minimum in each particular line, they are in dire danger of being swallowed by the biggest trust of all, namely, the People as represented by the Government. The only thing that will prevent this ultimate condition will be a widely diffused ownership of the stocks of the various corporations.

Profit-sharing with labor is recognized as the antidote for Socialism, and the financial physicians have, we think, diagnosed the case correctly.

NEW HAVEN'S ILLS.

The wild scramble for the New Haven postoffice, the warm contest for the appointment to the vacant Burgesship, the long-drawn-out lighting contest, the retirement in withering scorn of John Washington Johnson from municipal politics and the constant internal turmoil on the thither side of the Yough, must give its peace-loving thoughtful citizens pause.

For, who would bear the whips and scorns of disappointed office-seeking, the winner's contumacious, the loser's displaced ambition, the insolence of power, and the spurs that patient merit takes, when all might be ended in a Greater Connelville?

"It is a consummation devoutly to be wished. It does not spell suicide, as the sociology of the melancholy 'Dingo' on the contrary, it means an enlarged municipal life, relief from petty political brawls, a livelier pace to improvement and a happier homogeneous people."

THE HAND BILL NUISANCE.

The Washington Reporter is interested in the proposed ordinance regulating bill-posting and bill-distributing in Connelville. It says:

Connelville is one of the towns where streets have been made ungloriously by the promiscuous scattering of bills and doggers. So great has become the nuisance that citizens have appealed to the Borough Council to enact an ordinance which would afford relief.

There are residents of other towns who are interested in this same matter and who will be anxious to see how the Connelville ordinance works. If there should be such an ordinance enacted, it will depend, to a considerable extent, on how such an ordinance is enforced. The ordinance had not been passed, but if it is the point of the matter will be, as the Reporter says, in its enforcement. We have a number of laws and ordinances that are seldom if ever enforced. It is often easier to make a rule than to compel obedience to it.

THE BALL GAME FOR SOLDIERS.

The Tenth regiment companies are getting up basketball tournaments. Ball playing is all right in its way, but it should not be subordinated to military training. The best exercise the boys can get is a forced march over the hills every week or so. Let the ladies play basketball and tennis. The boys: enlisted to carry guns and to learn how to use them; to march, to camp and to be real soldiers when stern necessity demands. That is the record of the Tenth regiment. It should be maintained.

The ball game that the soldiers of the Tenth should be most proficient in is the musket-ball game.

After a careful examination of the Tenth regiment's water hole for the past two years or more the United States Geological Survey announced the important fact that there is a wide variation in the new. Just so. That's why Frank Cowan called it the Duro-Devil Yough.

An 18-year-old widow with a \$700 dot was too much for even the Roman virtue of a Saltlick township gauger.

Connelville is actually a baseball center after all, but we won't brag about it until we win the championship and get into the Bossontown-on-the-Hill class.

"On to Cairo" movements may leave at any time now, without the aid or consent of the Rivers and Harbors Committee.

The Panama Canal will be let to the best bidder, whether they are the lowest or not. The ability of the contractor to do his work well and faithfully is often an important element of cost.

The President has taken up the car shortage question. He has undertaken to regulate the railroads and he is not shirking the job. He will find the car question one of the biggest railway problems he has tackled yet; and in its treatment, he will have the warmest sympathy of the coal and coke operators of this and other regions.

The bad 'coons who shot up Brownsville, in the State of Texas, made a noise that is still echoing through the halls of Congress.

Having adjusted South America, Secretary Root is going to rub down the ruffled fur of Canada. Root's name should have been Smooth.

Having nothing else to do, the United Workers' Convention butts into politics.

The trolley enterprises are several laps ahead of the Good Roads movement in this section of Pennsylvania.

SILVER LOVING CUP.

It Is Offered as an Athletic Prize by Scottdale Y. M. C. A.

A BASKET BALL CONTEST

That Will Open a Series of Athletic Events in the Junior Athletic Association—Fraternal Visit of Four Lodges to Greensburg—Other News of the Mill Town.

SCOTSDALE, Jan. 17.—The Junior Athletic Association of the Y. M. C. A. has bought a beautiful silver loving cup, which is on exhibition in the Mill town window. The cup is of a very handsome design and will be the trophy in a series of athletic events, which will open a basket ball contest, in which three teams, the Red Sox, Monarchs and Pirates, will be concerned. There is a possible 1,000 per cent in the series, 25 per cent on each game played and won, 50 per cent on each game played and lost. The schedule is arranged as follows. Saturday, January 19, Red Sox vs. Pirates; January 20, Monarchs vs. Pirates; February 2, Monarchs vs. Red Sox; February 10, Pirates vs. Red Sox; February 17, Pirates vs. Monarchs. The Red Sox team is composed of Rankin Shupe, captain; George Fray, Frank Eburg, Eugene Perry, William D. Livingston, David Gore and Frank Walker. The Monarchs are made up of George Todd, captain; Clayton Perry, Arthur Barab, Russell Elcher, Charles Lewis, Charles Murphy, John Jones and Roy Elcher. The Pirates are made up of Howard Newmyer, captain; John Bloom, Milford Gibson, Frank Lewellyn, Fred Collins, Walter Howard and Walter Leonard.

"Fig, Paff, Pouf," which scored the biggest success of any musical show that ever came to the Colonial Theatre, will appear there this evening. The seat sale is big. Ordered by either phone.

Janitor John C. Dinger of the Chestnut street school building, is ill with a severe attack of grip, and Clark B. Stoner is attending to the building.

G. E. Huttelmaier, Chief Mechanical Engineer for the H. C. Frick Coke Company, is seriously ill with pneumonia.

The weather of Thursday was among the worst that has visited this locality, a steady rain making splash and slipperiness everywhere. The school children were late by droves on account of the hard travelling and men going hurriedly to work in the early morning suffered falls and wet clothing. The street cars were running far behind time. The pavements were disagreeable, and too beside anyone who had to cross the streets for they were waterways. Some day some enterprising store will throw out a plant in front of their place so that people can cross the middle of the street, which is usually dry, and get over the stream that keeps close to the curb.

Lois Smith of Mendon drove seven miles up to Scottsdale for C. W. Stauffer, the butcher, on Thursday.

Division Superintendent Robert Skemp of the American Sheet & Tin Plate Company, left for New York Thursday night, and will sail from there on Saturday for England, where he will visit old home scenes for several weeks.

Andy Skebysky, a Slav, who was one of the men who was in the shanty when Constable George Anderson was Brudenville some months ago, was arrested for drunkenness by the police here Thursday night.

GREENSBURG, Jan. 18.—Anxiety grows every hour for the safety of Rappe Meyers, the well known hotel man, and his brother, F. D. Myers, who are in Kingston, Jamaica. While the government controls the cables, a number of private messages have come through from survivors, and friends of Mr. Myers cannot understand why he does not cable unless he is seriously injured or killed. The press dispatches which state that many tourists are missing and that some of them are Americans, tends to increase the anxiety. Mrs. Myers is almost in a state of collapse over the situation. Harry Splinter, formerly of Uniontown, is in charge of Hotel Rappe during the proprietor's absence.

A great rally of friends of good roads is expected at the court house Tuesday afternoon, January 22, in response to a call sent out by the County Commissioners to all Road Supervisors. Joseph W. Hunter, State Highway Commissioner, will be here from Harrisburg. Silas A. Kline, President of the Westmoreland Good Roads Association, will be present. Congress man Huff will also be present, if his duties do not keep him in the National Capitol. Everybody is invited to hear a full and free discussion of this issue, which is of paramount importance to the county's welfare. A number of townships have filed petitions for a vote on road tax, and the sentiment in favor of the new law seems to be growing.

Coroner Wynn's office was busy last night. Zoulo Lodola, watchman at the Pennsylvania railroad tunnel here, was struck by a fast train and instantly killed. Almost every

bone in his body was broken. An unknown man was struck and killed on a private street car right-of-way between Saxman's and Loyalhanna. His body is held for identification at Stader's morgue at Latrobe. He is unknown in that district. He is an American, 15 years old, brown hair and eyes and when killed wore corduroy pants, a cap and sweater. Two Slavs, Cede Nagy and Steve Urlik, were killed at Yough shaft of the Penn Gas Coal Company. They were working in different parts of the mine, and small slate falls killed each of them. An unknown man was killed on the railroad at Whitney.

In response to a request from Company I, Company E, of Mt. Pleasant, has organized a basket ball team, and a game will be played between the two teams here next week. Mt. Pleasant wants to have a fast organization. Company I's team has already secured victories to its credit. Saturday evening Greensburg High School will play Mt. Pleasant High School. The locals want Companies D and C to organize basket ball teams and arrange for games.

The School Board last night approved Architect Sloan's plans for a new school building in the Eighth Ward, and the plans will be ready for bids in a week. An eight roomed building has been authorized, to be built of buff brick and stone. It is thought that bids from a number of contractors will be received. Modern ventilation systems will be installed and the new building will be up to date in every particular.

Miss Sarah Anna Little, whose death was falsely reported in papers all over Western Pennsylvania some weeks ago, is now really dead.

YOUGH'S FLOW.

Measurements from the Station Near Confluence Show Nearly 12,000 Cubic Feet Per Second.

The station for measuring the flow of the Youghiogheny river established by the United States Geological Survey September 15, 1904, has been continued during the past season notwithstanding the reduction of the appropriation for such work made by Congress at its last session. The station is located one-half mile from the railroad station at Confluence the gage being situated three to the down stream hand of the bridge. Casselman river is also measured at Confluence at the highway bridge about 500 yards from the railroad station. The gages at both points are read by L. L. Mountain and currentmeter measurements are made from time to time by hydrographers of the Survey.

The station records have not yet been extended over a period sufficient to afford information concerning the fluctuations of the stream, but the data thus far collected indicate a rather wide variation in the flow. During 1905 both rivers were at high stage between March 17 and 31, when the Youghiogheny was discharging 11,987 cubic feet of water per second and the Casselman 4,763 cubic feet per second. Lowest stage occurred in October, 1901, second feet being recorded for the main stream and 76 for the tributary.

The results of the stream flow measurements carried on important streams in all sections of the county are published annually by the Survey in reports, which are distributed free of charge, according to the public the only reliable means of ascertaining the amount of water carried by the rivers and available for municipal supplies, the development of water power, or other industrial purposes.

MOLDERS STRIKE

Grievances and Reduction of 110 Per Cent. Announced January 1.

WEST NEWTON, Pa., Jan. 18.—The piece molders of the U. S. Radiator Company came out on strike yesterday morning, about 20 in number. Their grievances are a reduction of 10 per cent announced January 1, and the discharge of C. G. Estelle and William Dickerson two union molders. All the strikers are union men. Some 60 molders who work on radiators are non-union.

THE MERCHANTS BANQUET PROGRAM FOR LINCOLN'S BIRTHDAY ARRANGED.

Committee on Arrangements Appointed at a Meeting Held
by the Association Last Evening.

OFFICERS FOR YEAR NOMINATED

Plates Will Be Laid at Banquet for
150 and Invitations Will Be Ex-
tended to Men in Many Walks of
Life—Election Next Month.

An unusually enthusiastic meeting of the Merchants' Association was held in the Y. M. C. A. building Thursday evening at which several important matters were discussed. The principal feature of the meeting was the discussion and consideration of plans for the banquet to be held in Eagles' Hall on the night of Lincoln's Birthday, February 12. It is the intention and aim of the Association to make this an annual affair, one that will be looked forward to with as much anticipation as the merchants' picnic and other events. The invitation list will be limited to Connellsville and New Haven, with the exception of a few honored guests. President Harry Dunn appointed the committee to serve on this affair. They are:

Music: B. P. Wallace and A. W. Bishop.
Refreshments: M. Goodman, J. S. Patterson, J. G. Gorman and T. W. Buxter.
Decorations: J. B. Marietta, A. B. Kutz and J. H. Doyle.
Invitations: D. Sinclair, J. M. Herpold, John Bugman and Harry Dunn.
Speakers: John Bugman.

Plates will be laid for 150. While it will not be exceptionally elaborate, the merchants will show their friends that they know a thing or two about decorations, catering and cuisine. Men representing the varied industries of the town, as well as politicians, newspaper men, the bench and bar will be invited. The gathering will be thoroughly cosmopolitan.

Officers to be elected at the first meeting of next month were nominated. By a rising vote the four officers now serving, President Harry Dunn, Vice President P. May, Secretary W. C. Armstrong and Treasurer E. W. Horner, were re-nominated without opposition. There are 10 Directors to be elected and 13 members of the Association were nominated.

SAME OLD STORY.

Rain, Rain, Rain, Nothing But Rain
for the Coke Region—All Sorts
and 57 Varieties.

William Collier, who used to go under the cognomen of "Willie," has written a comedy, "Caught in the Rain." He must have visited the coke region. For rain and gloom, well, Helena's 57 varieties of pickles look insignificant alongside the layout the weather man has handed this section. Talk about lemons—here's where they are.

Forecasts of snow and colder, partly cloudy and other things are sent in regularly, but nothing develops but rain. Indeed the belief prevails in some places that the sun has gone on a strike. When the weather man figures up the precipitation in Connellsville during this month he may have a shock. The figure will be large.

GOT THE GUN.

Prosecution Against Robert McNair
Made Him More Prompt.

Because he persistently neglected to return a Krag-Jorgensen rifle belonging to Company D, information was made against Robert McNair of Scotts Hill, by Captain J. H. Simpson, December 17. The case was delayed owing to the illness of Squire Clark. McNair has returned the rifle and paid the costs in the case. He attended the Mt. Pleasant armory dedication with the company and dropped off at his home, taking the rifle and other equipment with him. It being the time to make his annual report of ordnance on hand, Captain Simpson was compelled to have the gun and adopted this method as the best and quickest way to get it back.

NEW TROLLEY LINES

Headed for McKeesport and West Newton Territory.
Representatives of the Pittsburgh, McKeesport & Westmoreland Railway Company are securing rights of way for a line to connect Donora, West Newton, West Newton, Hornsline, Irwin, Meador and Claridge, and also McKeesport. The lines are stated to be surveyed, and \$200,000 worth of bonds and mortgages having been recorded.
Another proposed line is the Pittsburgh & Western, which is securing rights of way for a line from Irwin by way of Hornsline, and West Newton to Donora. This company is represented by General Manager Styres of Irwin.

PIFF, PAFF POUF.

Brightest Musical Comedy of the Season Comes to the Colonial Theatre This Evening.

"Piff, Paff Pout," the brightest musical comedy of the season comes to the Colonial Theatre this evening. A year ago this play pleased a fine audience on a bad night in Connellsville. Manager E. W. Singer was impressed during the balance of the season to secure a return date. This was impossible however, as the play was booked in one night stands. Fred Macco is not in the cast as the "Sandman" this season, but Demman Miley is the part in his usual every respect. He, with the acquisition of Miss Henrietta Lee, the star for three seasons with "The Beauty Doctor," are the only changes in the cast from last season.

The same fine and handsome chorus of girls, the same bright, snappy, fast and plucky fun and made of a kind that makes the public sit up and take notice are promised tonight. In "Piff, Paff Pout," there are enough song hits to make two shows. Fun in "Piff, Paff Pout" is diversified. There is the drollery of Miley as "Peter Poutie," the "Sandman," Henrietta Lee, the dancing "Widow Montague," Charles P. Morrison, the millionaire widower, the twinkling feet of the tight little maidens in the pony ballet, the bathing girls, the Easter girls and the Johnnies.

ELOPERS WIN.

Patrick Kelly Has Stirring Times Spinning Bride Away.

MT. PLEASANT, Jan. 18.—[Special.]—Patrick Kelly, a son of M. J. Kelly, proprietor of the Grand Central Hotel and a member of the H. C. Frick Coke Company's engineer corps, and Miss Mabel Elchar, second daughter of Mr. and Mrs. Jos. A. Elchar, of South Church street, eloped last Wednesday and were married the next day at Youngstown.

The parents of the bride objected to the match, not because they had anything against "Patsy," who is a nice clean young fellow of two and twenty years, but because they believed that their daughter was too young to get married. The principals, however, thought otherwise. Like many another couple, slipped away and so quietly, too, that they had a good start before Father Joe camped on their trail the next day.

Joseph picked up a clue at Connellsville and rushed to McKeesport on Thursday only to find that the elopers were headed for Youngstown, O. Then he got busy with the long-distance telephone and forbade the Youngstown authorities from issuing them a marriage license. The elopers showed up there all right and were refused a license, but that didn't worry them any. They simply caught the next train to Warren, where they got the license, then came back and were married at Youngstown all right.

Mr. and Mrs. Kelly returned here Sunday evening and repaired at once to the Elchar home where they were received with open arms. All was forgiven.

BUYING NEW STOCK.

Louis Featherman in New York for the Rosenblum Stores.

Louis Featherman left Wednesday evening for New York, where he is purchasing a new stock for the Rosenblum furniture and department stores on North Pittsburgh street, of which he, with Joseph Sumberg, will some time in March assume ownership and management.

Mr. Sumberg is at present in the Rosenblum store, getting acquainted with the trade in Connellsville.

Girl Teacher Murdered.
Eldorado, Kas., Jan. 18.—The dead body of Miss Mary Glass, a young school teacher, was found in the schoolhouse at Fairview, with her throat cut. Robert Hall, who is dying from a gash in his throat, admitted that he and Miss Glass had quarreled. He declared she cut his throat. When asked who cut Miss Glass's throat Hall refused to reply.

Hough Imposes Heavy Fines.
New York, Jan. 18.—The MacAndrews & Forbes Co. of this city was fined \$10,000 and the J. S. Young Co. of Baltimore \$5,000 by Judge Hough in the United States circuit court for conspiring to monopolize the trade in liquor.

BIRTHDAY PARTY

Given Master Raymond Coll Who Arrived at Ninth Milestone.

Professing to be in every detail was a children's birthday party given Thursday afternoon by Mrs. Raymond Coll at her home in the Marietta apartments, North Pittsburgh street in honor of her little son, Master Raymond's ninth birthday. The hours were from 4 until 7 o'clock. The afternoon was spent in children's games. Arranged in the corner of the room was a dish pond from which each little guest received a prize. Little Miss Elma Wagner won the little girl's prize awarded for playing the tail on the donkey. Master John Frisbee secured the little boy's prize.

This diversion afforded much amusement for the little ones. About 5 o'clock luncheon was served. In the center of the table was a large birthday cake bearing the initials of the little host and nine candles, representing his age. About forty-five guests were in attendance. Master Raymond received many pretty gifts. Assisting Mrs. Coll were Mrs. H. J. Coll, Miss Sara Coll and Miss Virginia Marshall.

BIRTHDAY CELEBRATED

At the Home of Mrs. Thos. Ervin, Dickerson Run, Yesterday.

DICKERSON, RUN, Jan. 18.—A most delightful day was spent at the home of Mr. and Mrs. Thomas Ervin yesterday. It being the occasion of Mrs. Ervin's 67th birthday anniversary. The day was quietly but pleasantly spent by members of the family gathering and partaking of an old home dinner. Upon the assembling of the family Mrs. Ervin was presented with quite a number of gifts after which the time was spent in home reminiscences. Dinner was served at noon. After the repast all gathered in the parlor where some musical selections were rendered. Both Mr. and Mrs. Ervin enjoyed the happy gathering to its utmost.

Among those who were present were S. T. Ervin and family, of Connellsville; Mr. and Mrs. W. T. Ervin and wife, Pittsburg; Charles Ervin, McKees Rocks; Mr. and Mrs. Grant Ervin of Star Junction. In spite of her years Mrs. Ervin is very active and took great interest in the family gathering.

SAW MILL BURNED.

Soger Brothers Lose Second Mill in Ligonier Township.

The portable saw mill belonging to Soger Brothers, which had been moved from near the Old Colony Coal & Coke plant to the Denny farm, Ligonier township, Westmoreland county, about a week previous was burned several nights ago.

The roof was of dry boards and it is probable that a spark on the roof caused the fire. The loss is heavy. This is the second mill belonging to Soger Brothers that has been burned within a year.
